This promotion applies to orders placed between **April 1 and June 30 2026**. Promotional SPIFF tier is calculated on the total MRC (monthly recurring charge) per order, and then the promotional SPIFF will apply to any and all "Core products" on the order. "Non-Core products" will be capped at 2X SPIFF. "Core products" include any associated line items for UCaaS, uContact, Call Paths (including Call Path with Microsoft Teams), SIP Trunks (including SIP Trunks with Teams), AI Agent, Coach, Call Center Essentials, Equipment Rentals, Fax Lines, DIDs, Toll Free Numbers and Global Connect. All other line items are considered "Non-Core products" and will not qualify for a promotional SPIFF. Call Path Channel/Call Path Seat deals must have no higher than a 5:1 seat to channel ratio to qualify for a promotional SPIFF. All orders must contain a minimum of a 12-month term agreement on Core products to qualify for a Core SPIFF. Orders must contain a minimum of a 36-month term agreement on Core products to qualify for a promotional SPIFF. Any orders with discounted Core products disqualifies the entire promo eligibility of the order and caps the whole order at a 2X SPIFF. For additional terms & conditions, please visit <https://www.net2phone.com/spiff-terms/>.
