3-Year Deal

Capitalized terms used and not defined have the meanings given to them in the Agency Agreement between Manhattan Telecommunications Corporation LLC ("MetTel") and agent participant ("Agent"). Agent must have a current Agent Agreement with existing Commission Schedules covering PIAB Services.

Modified Commissions apply exclusively to otherwise Commissionable Revenue from monthly recurring line charges ("MRC") for PIAB Line Services (e.g., excluding equipment, taxes, surcharges and shipping). Device Activation Revenue Share is a one-time Upfront Payment based on 50% of the fee for PIAB device activation (equipment and installation charges are not commissionable). Qualified revenue from Services subject to this program will be counted toward attainment of revenue minimums and excluded from the bonus payout calculations under the 2026 New Logo Promotion.
